Simon participates in the Taichung pastors' prayer meeting weekly in order to connect our ministry with the local church. It helps to set up winter/summer English gospel camps with SYME offers the American teachers to help the local church reach out to youth and their families. We reach out to an average of 200 youth (3rd-9th grades) each summer and winter camps. Simon also teaches Bible English in a seminary school in China twice a year lasting one month each. Simon handles chapel messages on a regular basis at SYME.

Wen handles the administrative work including accounting and daily operation plus parents communication at SYME. She is also doing student counseling as the dean of the student. SYME currently offers 4 terms a year Bible/discipleship training in English with each term lasting 2 months. We also offer gospel out-reach program-English Cafe on Monday night with an average of 40 participants each week.

Lastly, We offer a 1-2 year platform-CCI (Cross Culture Internship) to the World of Life Bible Institute students to experience the Cross Culture mission here in Taiwan. Upon finishing this internship, WOLBI students would be able to decide if they would respond to God's calling for a full-time mission overseas.
